Tips to stay healthy:
- Wash hands with soap and water often.
- Do not touch your face.
- Stay at least six feet away from other people.
- Stay at home if you can. Avoid large groups and public places.
I am **DEAF** or **HARD OF HEARING**.

This card will help you communicate with me.

The best way(s) to communicate with me:

- **Interpreter**
- **Text**
- **Writing**
- **Lip Reading**
- **Gestures**
- **Assistive Listening Device**

When communicating with me, please:

- Get my attention first.
- Make eye contact when you speak.
- Take time to make sure I understand. English may not be my first language.
- Repeat, rephrase, or write your request down if necessary.
- Be aware that a hearing aid or cochlear implant does **not** allow me to understand everything you say.

For effective communication, I may need:

- A certified/qualified sign language interpreter for the Deaf or video remote interpreter (VRI) service.
- A communication access realtime translation (CART) for captioning conversations.
- A video phone or computer with internet service, a captioned telephone, or a cell phone for texting.
